PAPER 1: MARKING GUIDELINE

JUNE 2018

MARKS: 80

TIME: 2 hours

This memorandum consists of 7 pages.

SECTION A : COMPREHENSION

Marking the comprehension

- Because the focus is on understanding, incorrect spelling and language errors in responses should not be penalised unless such errors change the meaning/ understanding. (Errors must still be indicated.)
- If a candidate uses words from a language other than the one being examined, disregard those words, and if the answer still makes sense, do not penalise. However, if a word from another language is used in a text and required in an answer, this will be acceptable.
- For **open-ended questions**, no marks should be awarded for YES/NO, or I AGREE/I DISAGREE. Equally no marks should be awarded for TRUE/FALSE or FACT/OPINION. The focus should be on the reason/substantiation/ motivation provided to support/justify the response.
- When one-word answers are required and the candidate gives a whole sentence, mark the answer as correct **provided that** the correct word is underlined/highlighted.
- When two/three facts/points are required and a range is given, mark only the first two/three.
- Accept local dialectal variations.
- For multiple-choice questions, accept BOTH the letter corresponding with the correct answer AND/OR the answer written out in full.
